FROM NORTH CAROLINA. NEW YORK, June 4 .- Advices from Newbern of the 1st instant say Gen. Wild, who came here to organize an African Brigade, is meeting with very good success. Gen. Foster considers this a splendid field for black troops, and would like as many regiments as the North can send

All of our soldiers who were missing in the Gum Swamp engagement, six in number, reit ried to camp next day.

The strict regulations r cently established by Gen. Foster is breaking to effectively the con-trat and trade. The 12t' New York Cavalry Regiment are on their w y here, and one company has arrived.

The opposition paper in this State are very severe on the fire-enters and the original secessionists, who, according to the utterances of the special organ of Gov. Vance, the Raleigh Standard, will never be allowed hereafter to hold any office of honor or trust whatever in North Carolina.

From the same source it appears that Jeff. Davis has been given to understand by Gov. Vance that the fate of the Confederacy must be decided in Virginia. That in no case will the Confederate army be allowed to make a stand in North Carolina, and deluge her fields with blood and devastation, but must when they leave Virginia, retire into the Cotton States, and end the conflict where it began.

For the past six weeks no rain has fallen here to speak of, which seriously endangers the prospect of fair crops. The commercial ports in this department now in our possession will soon be opened as ports of entry. The health of the department

continues good.

FROM TENNESSEE.

Skirmish Near Shelbyville. MURPRESSORO, June 4.- The rebels have en reconnoitering in our front. Yesterday, Wheeler appeared on the Manchester and this morning on the Shelby ville road. Brisk skirmishing has been kept up all day. The Second Indiana cavalry on picket duty, was first attacked. The thirty-night Indiana, Col. Harrison, and the first brigade of Gen Davis's division were subsequently sent to their assistance. The rebels were driven about a mile. Our loss was one man killed and several wounded. The Fourth cavalry was engaged at the same time on the Midaletown road. At the last skirmish seven men were killed and

Colonel McCook reports hearing heavy firing in the direction of Triune. Gen Granger telegraphs that Gen. Baird, of the Eighty-fifth Indiana, in command at Franklin, was attacked to-day by the rebel cavalry. At the latest dates Baird was still fighting, with some prospects of capturing the enemy. We hear of no rebel infantry engaged. Their cavalry is engaged in reconnoitering the whole line.

An Attack by the Rebels. NASHVILLE, June 4.- Heavy cannonading was heard to-day in the direction of Franklin. It is believed that severe skirmishing, if not an attack in force, has occurred. No fears for its safety are entertnined.

THE CASE OF THE CHICAGO TIMES AND NEW YORK WORLD. General Burnside's Order Revoked by the President.

CHICAGO, June 4 .- The Times having issued their paper this morning, the military took possession of the office and remained until evening, when a telegram was received by the proprietors from General Burnside saying that his order suppressing their circulation having been revoked by the President, they were at liberty to continue its publication. In the United States court to-day the entire session was devoted to hearing the arguments of the counsel for the Times.

NEW YORK June 4 .- A special dispatch to the World, dated Lexington, Ky., June 4, reads

as follows To the Editor of the New York World: Having been directed by the President of the United States to revoke that part of my order suppressing the Chicago Times, I have revoked the entire order, and your paper will be allowed its circulation in this Department. A. E. BURNSIDE, Major General.

Inauguration of the Governor of New Hampshire. CONCORD, N. H., June 4th .- Governor Gilmore was inaugurated to-day, and delivered

his message, which is mainly confined to local subjects. The troops furnished for the war number 18,000 men, being an excess over the quota called for of nearly 700. Governor Gilmore refers to the rebellion, and says that in such a contest we cannot discriminate between the support of the government and the support of the admnistration. It is no time now to speculate upon the causes of the rebellion. The only facts we need are that it exists, and it is our duty to put it down. It was a remark made to me by a former Governor of this State. the late venerable Isaac Hill, in which I fully concur: "That a man who will not stand by his government is a coward and a traitor."

The American Medical Association. CHICAGO, June 3.—The American Medical Association held their annual meeting here resterday. The following officers were elected: President, A. March, of New York; Vice Presidents, J. Cooper, of Delaware; D. Prince of Il-linois; C. G. Cose, of Maryland, and E. S. Cann, of Wisconsin. The prize medal was awarded to Samuel P

Percy, of New York, for a prize essay. A committee of five was appointed to memorialize Congress relative to the rank of surgeons in the army. A motion to protest against the recent order of the surgeon general, prohibiting the use of mercury and antimony in the army, was referred to a committee.

Destruction of Rebel Gunboats on Red Boston, June 4 .- The Traveller contains the

following: A gentleman just from New Orleans, holding a position in connection with Admiral Farragut's fleet gives an account of an expedition up Red River to Shreeveport, where the rebels had a Navy Yard. Two iron-clads of great power, found upon the stocks, were blown up and destroyed. It is believed that they were powerful enough to have destroyed our Mississippi fleet. The iron for these gunboats had been sent from Richmond.

The Peace Convention in New York. In pursuance of a call issued some weeks since, a mass convention of the democrats of New York in favor of peace was held on Wednesday evening in and about Cooper Institute. There were five organized gatherings, the principal one being held in the hall of the Institute, and the others in front of stands erected about the adjacent square. An address and resolutions, urging peace in the strongest manner and denouncing the administration in the most violent fashion, were adopted. The speeches were in time with the resolutions, exceedingly denunciatory of the administration, and in favor of a cessation of hostilities and the shedding of blood immediately, on any honorable terms. The principal orators were Attorney General Wootten, of Delaware; Fernando Wood, George Francis Train, Judge Flanders, Hon. Mr. Dinninny, Judge McCunn, A. R. Wood, of Virginia, and Dr. A. Berckman. The only speech made at the meeting by any man of mark and influence was that of Mr. Wood himself. Though called as a State Convention, and claiming to be a Democratic Convention, it was addressed by no prominent democrat from any other town in the State than the one in which the meeting was held.

The World, and the Journal of Commerce, both democratic papers, strongly discountenance the meeting and its purpose. The Journal says:

"As we supposed would be the case, the meeting failed entirely to prescribe any methods of peace, although they declared in general terms their desire for it. They suggested the novel idea, wholly arbitrary, of course, of holding two conventions, one in the Confederacy and one in the loyal States, but they did not attempt any outline of plans of they did not attempt any outline of plans of

peace. * * * * * *

It strikes us that in recommending a departure from the constitution in this matter, and in fact a revolutionary method of settling our troubles, the convention has violated the great principle of democracy, to stand by the Constitution." ないとは、自然は、自然は自然には、自然は
